 MEDICAL
 TEAM** **RockRidge
 Canyon**
 SUMMER 2019

Young Life invites
 you to consider joining us
 at RockRidge Canyon this
 summer to serve as part of
 our Camp Medical Team.

Each week, a team of two medical professionals will provide first aid, medical care, and emergency response to a camp population of approximately 450 people.

Because you work as a team, you and your family will have ample time to enjoy one of Canada's premier camping facilities.

Our camp clinic ['Club Med'] is set up like a family practice treatment centre. Support services available include Princeton General Hospital, BC Ambulance Service, and 2 local pharmacies for prescriptions.

Office hours are set for 30 minutes following each meal. As part of the medical team, you are asked to wear a radio and be on

call throughout the week in case of an emergency.

Young Life camping programs are recognized as one of the most effective means of reaching junior and senior high school students with the message of God's love. YL staff and volunteers are committed to communicating the gospel in a setting that is free from pressure and distractions.

As a guest of Young Life, you'll observe our unique style of ministry in action. Most importantly, you will witness the culmination of a year long investment by YL leaders in the lives of kids from their local communities. You'll see up close what teens experience: insanely fun program events, top quality food delivered by Work Crew right to your table, zany YL clubs, and the Gospel presented in language kids understand. You'll also be invited to volunteer at select times so you can be part of the fun!

As for accommodations, you'll be treated to a beautifully appointed private room in Wolfe Creek Lodge.

You're invited to daily Adult Teas where you'll interact with the staff who make this YL property function. You'll also enjoy free time to experience swimming, water sports, a Party Barge tour down Inspiration Lake, the challenge course, or simply relax over a bowl of ice cream.

This summer, bring your special skills to experience an amazing week at this incredible property!

Dr. Clay Welder
Kelowna, BC

My times at RockRidge Canyon serving as Camp Doctor have always been very enjoyable. It's a great way to see Young Life in action. We hope to be back again this summer!

Drs. David & Andrea Loewen
Calgary, AB

RockRidge really amazed and inspired us. We don't know who left the camp more blessed – the kids that spent a week enjoying the activities and hearing the good news of Jesus Christ, or the people who came to serve them!

Dr. Tammy Attia
Prince George, BC

I saw a group of staff and teens enjoying life to the absolute fullest. The clinic was impressively stocked and staff were extremely supportive. It was an honour to be part of such a journey.
